2. **Fund accounting.** The Foundation maintains a Corpus Fund, a General Fund and earmarked project funds. Grants received for specific purposes are credited to earmarked funds and recognised as income to the extent utilised during the year.
3. **Revenue recognition.** Voluntary donations and grants are recognised when received or when the right to receive is established. Interest income is recognised on a time-proportion basis. Donations towards corpus are credited directly to the Corpus Fund.
4. **Fixed assets & depreciation.** Fixed assets are stated at cost of acquisition less accumulated depreciation. Depreciation is provided on the written-down-value method at rates management considers appropriate to the useful life of the assets.
5. **Investments.** Investments are stated at cost. Fixed deposits with banks are classified under investments and interest thereon is accounted on accrual.
6. **Employee benefits.** Honoraria and staff welfare are charged to the Income & Expenditure account as incurred. The Foundation does not operate a funded retirement-benefit scheme.
7. **Taxation.** The Foundation is registered under Sections 12A and 80G of the Income-tax Act, 1961, and its income is exempt subject to compliance with the applicable conditions.
8. **Use of estimates.** The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts; actual results could differ from those estimates.
